CONSTITUTION
OF THE INTERNATIONAL ALLIANCE OF
THEATRICAL STAGE EMPLOYEES, MOVING PICTURE
TECHNICIANS, ARTISTS AND ALLIED CRAFTS OF THE
UNITED STATES, ITS TERRITORIES AND CANADA

ARTICLE ONE

Section 1. Name

The name of this organization shall be the International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts of the United States, Its Territories, and Canada.

Section 2. Purpose

To achieve, by organization and mutual endeavor, the improvement of the social and economic conditions of employees identified with the theatrical, moving picture, entertainment, amusement and commercial or industrial show industries of the United States and Canada, working in any of the crafts, classifications or categories referred to in Article Eighteen, Section 10, of this Constitution, or in any other craft, classification or category over which this Alliance exercises or may exercise jurisdiction or with respect to whom this Alliance holds or may acquire bargaining rights; to insure the maintenance of a fair rate of wages for services competently rendered; to assure the employment of all members in these industries; and to secure to ourselves by unity of action such benefits as are rightfully ours, pledging ourselves in all difficulties to accept wise, honorable and conservative mediation, that equity may be maintained.

Section 3. Membership

The membership of this Alliance shall comprise the members in good standing of such local unions as shall hold a charter from this Alliance, and said affiliated local unions and such persons who, having been members of any local union which has had its charter revoked or suspended, shall retain their membership in this Alliance in the manner provided in these laws, and such persons as may acquire and hold direct membership in this Alliance pursuant to these laws.

Eligibility for membership in this Alliance shall be restricted to residents of the United States or Canada, or any other areas in which the Alliance exercises jurisdiction.

No person shall be eligible either to membership or to retain membership in this Alliance or any local union affiliated with this Alliance who shall be a member of any organization having as its aim or purpose the overthrow, by force, of the Constitution and Government of the United States or the Government of Canada.

Any member who shall, upon trial, be found to lack any of the qualifications for membership in this Alliance shall forthwith be expelled and dismissed from membership in this Alliance and any local union affiliated herewith, and shall surrender all rights and privileges as such member including death benefits and other property rights, if any, in the assets of any local union.

To promote unity and further the purpose of this Alliance in the manner provided in this Article, there shall be no unlawful discrimination against any person in respect to membership in this Alliance. The membership shall seek to eliminate all forms of discrimination affecting the welfare of this Alliance in respect to employment. No member of this Alliance shall discriminate, encourage discrimination, or cause or attempt to cause any employer to discriminate against any person by reason of race, color, creed, national origin, sex, age, religion, ethnicity, disability, pregnancy, sexual orientation, gender identity, gender expression, sex characteristics, veteran status, familial status, parental status, or marital status.

CONSTITUTION—ARTICLE ONE/TWO

Section 4. Headquarters

Out of the General Funds of this Alliance shall be maintained in the City of New York, State of New York, or such other place as may be designated by a two-thirds vote of the General Executive Board, suitable offices in which shall be housed the International President and General Secretary-Treasurer, together with their respective working staffs. This headquarters shall be known as the General Offices of the Alliance. In addition, such area offices shall be maintained out of the General Funds of this Alliance as may be authorized by the General Executive Board.

During the week preceding and the week of the Convention, the General Secretary-Treasurer shall open a General Office Annex in the Convention city to which all correspondence and papers relating to the General Executive Board meeting and/or Convention then being conducted shall be required to be addressed.

ARTICLE TWO

Government

Section 1. Supreme Law

This Constitution and Bylaws shall be the supreme law of this Alliance and of its constituent members.

Section 2. Convention

The supreme governmental powers of this Alliance and its constituent members shall be vested in its duly elected delegates in Convention assembled and when the Convention is not in session, in the International Officers duly elected by the delegates or appointed in accordance with the laws herein provided.

Section 3. District Subdivision

This Alliance shall be subdivided into Districts as hereinafter set forth, subject to the laws of this Alliance.

Section 4. Local Unions

Each affiliated local union, subject to the laws of this Alliance, shall exercise full and complete control over its own membership and affairs.

This provision shall not be construed to confer upon local unions the power to enact laws inconsistent with any portion of this Constitution and Bylaws.

Section 5. Officers

The elected officers of this Alliance shall be: the International President; the General Secretary-Treasurer; thirteen Vice-Presidents, one of whom must be a member of an affiliated local union in District No. 11 in Canada and a resident of Canada, one of whom must be a member of an affiliated local union in District No. 12 in Canada and a resident of Canada, one of whom must be a member of a Motion Picture West Coast Studio local union and one of whom must be a member of the Special Department; the Board of Trustees, consisting of three members; and delegate to the Canadian Labour Congress.

The appointed officers of this Alliance shall be the Assistant(s) to the President and such International Representatives as shall be appointed by the International President, at least one of whom shall be a member affiliated with a West Coast Studio Local.

Section 6. Prerequisite for Office

No person shall be eligible for an elected office of this Alliance unless they have been an active working member of this Alliance in good standing for not less than five (5) years preceding the date of their election. Any appointed person, while serving in that capacity, shall be a member of this Alliance in good standing.

ARTICLE THREE
Convention

Section 1. Regular

This Alliance shall meet in Convention in 2021 and thereafter at four-year intervals in such places as may be chosen by the General Executive Board.

Section 2. Special

Special Conventions may be called by the following two methods:

- a. By referendum, as hereinafter provided.
- b. By unanimous vote of the General Executive Board.

Immediately upon the ordering of a Special Convention by referendum or by the action of the General Executive Board, the General Executive Board shall designate a time and place for the meeting of the Convention, and shall instruct the International President to issue a call to all affiliated local unions. Provided, that the time appointed for the Special Convention must be within sixty (60) days of the issuance of the call.

Section 3. Local Representation

Each affiliated Local in good standing shall be entitled to one delegate for its charter and one additional delegate for every one hundred members, or major portion thereof, based upon the average membership upon which per capita tax has been paid for the period between Conventions. Only those members for whom the full per capita tax is being paid by the Local to the Alliance shall be counted for the purpose of determining the average membership of the Local.

Notwithstanding the foregoing paragraph of this Section 3, each Special Department Local shall be allowed to send to Conventions of the Alliance, at the expense of the Alliance, only one-third (rounded to the next higher whole number) of the number of persons it would otherwise be entitled to send as delegates under the formula above prescribed. Such limitation shall not, however, reduce the voting strength to which a Special Department Local would be entitled under the preceding paragraph nor shall it prevent the Special Department Local, if it so desires, from sending additional persons as delegates, at its own expense, up to its full voting strength.

Section 4. Local Delegations

Where a local union is entitled to more than one delegate under Section 3 of this Article, it may elect the number of individual delegates to which it is entitled or it may elect one or more delegates empowered to cast the total number of votes to which the full delegation of the local union would be entitled at the Convention.

Section 5. Financial Qualifications

Representation or vote in any Convention or District Convention of this Alliance shall be denied to any delegate of any affiliated Local which has failed to pay in full to the General Secretary-Treasurer of the Alliance or the Secretary-Treasurer of the affected District all indebtedness due up to and including the fiscal quarter prior to the opening of the Convention.

CONSTITUTION—ARTICLE THREE/FOUR

Section 6. Credential Certificates

There shall be issued to each affiliated local union one original and one duplicate credential certificate for each delegate to which the local union is entitled.

Immediately following the election of delegates, it shall be the duty of the Secretary of the local union properly to execute both the original and duplicate certificate, secure thereto the signature of the President of the local union and signature of the elected delegate, affix the signature of the Secretary of the local union and the seal of the local union, and deliver to such elected delegate the original certificate, mailing to the General Secretary-Treasurer of this Alliance the duplicate certificate thereof.

Section 7. Quorum

A majority of the delegates seated at a Convention shall constitute a Quorum for the transaction of business, but no action of the Convention shall be held invalid for lack of a Quorum, unless the question of the absence of a Quorum was raised before such action was taken. Unless otherwise specified in this Constitution, all decisions of the Convention shall be by a majority of the delegates voting.

Section 8. Submission of Resolutions

All resolutions or amendments to be submitted to the Convention shall be filed with the General Office in duplicate and in typewritten form at least fifteen (15) calendar days prior to the opening of the Convention, unless the same is submitted by or with the consent of the General Executive Board or by the unanimous consent of the delegates. However, if any such resolutions or amendments originate at a District Meeting during the week preceding the opening of the Convention, the same may be submitted before 6:00 p.m. of the Monday on which the Convention convenes.

None but duly accredited delegates to the Convention shall be eligible to introduce resolutions to the Convention. No resolution shall be introduced to the Convention unless approved by a majority of the Local's Convention delegates. If a majority of any one Local's delegation endorses a resolution, individual delegates from other Locals may endorse it without majority approval of their home Local's delegation.

ARTICLE FOUR Convention Delegates

Section 1. Eligibility

Any member in good standing shall be eligible to be a delegate to any Convention of the Alliance provided they are chosen by the membership of their local union on a secret ballot vote, or if the Local's Constitution and Bylaws so provides, are accredited by virtue of their having been elected to office in the Local in accordance with United States federal law; but no member of the General Executive Board or the Board of Trustees or the Delegate to the Canadian Labour Congress of this Alliance, shall, during their term of office, be permitted to represent any local union, but they shall have voice, although no vote, on all questions which may come before that body, and shall also be eligible for nomination and election.

Section 2. Presentation of Credentials

Upon arrival in the Convention city, delegates shall immediately file their original credential certificates in the office of the General Secretary-Treasurer of the Alliance, who shall be, by virtue of such office, Secretary of the Convention.

Section 3. Credentials Committee

The General Executive Board of the Alliance shall act as the Credentials Committee at all Conventions. The Credentials Committee shall convene at 5:00 p.m. on the Friday before the opening of the Convention to consider any protests of credentials.

Section 4. Accredited Delegates

Delegates whose credentials have been accepted by the Credentials Committee shall present the same to the Election Board as hereafter provided, and shall receive an identification card issued in the delegate's name with a voting stub attached attesting the number of votes which the delegate shall be entitled to cast, both upon the floor of the Convention and in the polling booth upon election day.

Section 5. Disputed Delegates

Whenever there is a dispute concerning the validity of the credentials presented by a delegate, or the delegate's right to attend and vote at the Convention is challenged, the Credentials Committee shall summon the delegate and the challenger or challengers for a hearing on the merits of the dispute and shall, by majority vote, accept or reject the credentials, or declare the delegate qualified or disqualified to sit.

Section 6. Appeals From Ruling of Credentials Committee

Where the credentials or qualifications of a delegate, or a delegation, have been challenged, and the Credentials Committee has voted upon the merits of the dispute, any party to the dispute who is aggrieved by the action of the Credentials Committee may appeal to the Convention. Such appeal may be taken by giving notice to the Credentials Committee, upon the announcement of its decision, that the aggrieved party intends to appeal to the Convention. It shall then be the duty of the Credentials Committee to notify the Secretary of the Convention of such appeal and order it to be placed upon the order of business. The Convention shall proceed to act upon such appeals before any other business is undertaken. If the aggrieved party be the disputed delegate, they shall have no voice in the proceedings of the Convention except to address it in their own behalf when their appeal is under consideration. If a complete delegation of a Local is challenged, this delegation shall select one of their number to appear before the Convention on its behalf. Disputed delegates may be seated only by majority vote of the delegates present.

Section 7. Alternate Delegates

Alternate delegates may, at the Local's discretion, be elected by the local unions on a secret ballot vote at the same meeting at which the delegate is elected. An alternate delegate shall attend the Convention only if the delegate for whom they are the alternate shall be unable to attend or shall refuse to serve.

If both a delegate and their alternate delegate fail or become unable to attend the Convention, the local union may by secret ballot elect another delegate, or if time does not permit the holding of a membership meeting for such purpose, the vote or votes of such absent delegate may be assigned by the action of the membership or Executive Board to another duly elected delegate(s) of the Local attending the Convention or may, at its discretion, if the elected delegate(s) cannot attend the Convention, designate the next higher candidate to attend as the delegate.

Section 8. Delegates May Represent But One Local

No delegate shall be permitted to represent more than one local union, but a local union may elect one delegate from its own membership to cast any or all the votes to which it is entitled.

CONSTITUTION-ARTICLE FOUR/FIVE

Section 9. Delegate's Compensation

Each accredited delegate shall be entitled to collect an amount equal to coach air transportation from home airport to the Convention city and return, subject to such rates as the General Office may obtain from airline representatives of The United States and Canada, the amount due to be computed by the most direct route booked at least thirty (30) days in advance. Delegates seeking to collect reimbursement for an amount equal to coach air transportation booked less than thirty (30) days in advance must establish cause for failure to book at least thirty (30) days in advance of departure and present the coach air ticket and boarding pass with the voucher. Each duly accredited delegate shall be entitled to collect compensation at the rate of two hundred dollars (\$200) per day with a maximum of ten (10) days. The total compensation of two thousand dollars (\$2,000) shall include all ground transportation and incidentals, during their service as a delegate. All delegates shall be required to file an account of the compensation to be paid them under this section no later than 6:00 p.m. of the Wednesday after the opening of the Convention. Any delegate who files a voucher with the intent to defraud the Alliance shall be fined not less than five hundred dollars (\$500) and shall lose all right to compensation for their services as delegate. In order to be eligible to collect compensation and transportation a delegate must be able to prove that they have voted in the election if one has been held.

Section 10. Delegates' Insurance Coverage

Each accredited delegate and their spouse, provided they are in attendance at the Convention, shall be covered by accidental death and dismemberment insurance which shall also provide medical benefits, subject to a deductible. The amount and terms of such insurance shall be determined by the International President, with the consent of the General Executive Board.

The cost of this coverage shall be borne by the Convention Transportation and Per Diem Fund and shall be effective for delegates and their spouses in attendance at the Convention for the period of seventy-two (72) hours prior to and seventy-two (72) hours after, as well as the duration of the Convention.

ARTICLE FIVE

Officers

Section 1. Elected Officers

There shall be elected to office the following officers of this Alliance, viz:

International President.

General Secretary-Treasurer.

Thirteen (13) Vice-Presidents, one of whom must be a member of an affiliated local union in District No. 11 in Canada and a resident of Canada, one of whom must be a member of an affiliated local union in District No. 12 in Canada and a resident of Canada, one of whom must be a member of a Motion Picture West Coast Studio local union, and one of whom must be a member of the Special Department.

Board of Trustees to consist of three (3) members.

Delegate to the Canadian Labour Congress.

Section 2. Tenure of Office

Elected officers shall be elected at the 2021 Convention and every four (4) years thereafter at a regular Convention and shall continue in office until the election and installation of their successors, acceptance of resignation, or removal by impeachment.

Appointed officers shall continue in office until removal by the International President, or the General Executive Board, or acceptance of resignation.

Section 3. Eligibility

None but duly accredited delegates to the Convention and those prohibited from acting as local union representatives by reason of their being present in the Convention as members of the General Executive Board and the Board of Trustees of this Alliance, or the Delegate to the Canadian Labour Congress from this Alliance, shall be eligible to election to any office of this Alliance.

No delegate or International Officer shall be nominated to office unless attending the Convention or unless their written consent to be a candidate shall first be filed with the Election Board.

No delegate may be nominated for more than one elected office in the Alliance. If nominated for more than one office, the delegate shall be required, prior to the close of nominations, to designate the office for which they wish to run; failing to so designate, they shall be a candidate for the office for which they were first nominated and shall be deemed to have declined any other nomination.

Section 4. Election Board

The election of officers shall be conducted by an Election Board consisting of a judge and a sufficient number of tellers. The Board shall be appointed prior to the opening of the Convention by the International President of the Alliance with the approval of the General Executive Board.

Section 5. Nomination of Candidates

Nomination to office shall take place not later than 12:00 noon of the Thursday following the opening of the Convention. Nominations shall be limited to one nominator and one seconder.

Section 6. Election Day

Elections shall be held no later than the first Friday following the opening of the Convention. The polls shall be open from 8:00 a.m. to 12:00 noon.

Section 7. Preparation for Voting

Polling places shall be set up in the Convention hall or adjoining chambers by the Election Board.

The Election Board shall provide a sufficient number of voting machines, allowing one to be used for demonstration purposes.

The names of the candidates for each office shall be listed on the voting machines in alphabetical order. Sample ballots shall be printed as soon as possible after nominations are closed and shall be posted prominently at the polling places. They shall also be made available for distribution at the office of the Convention headquarters.

Section 8. Voting

The judge of election shall be in charge of the proper conduct of the election, and the tellers shall assist therein.

Prior to the opening of the polls, the voting devices shall be examined by the Election Board, which shall make certain that all candidate counters are set at zero (000). During this examination, during the voting and during the canvass of returns, there may be present the designated watcher for each candidate.

The polls shall be declared open by the judge of the election.

In order to be admitted to vote, a delegate must present to the proper election official the voter's identification card, a stub of which shall be detached. All detached stubs shall be kept filed in numerical order. If any delegate is entitled to more than one vote, an election official shall supervise the number of votes cast, maintaining ballot secrecy.

CONSTITUTION—ARTICLE FIVE

A delegate who requires assistance to vote may call upon a member of the Election Board. The polls shall be declared closed by the judge of the election.

Section 9. Canvass of Returns

As soon as the polls are closed, the judge of the election, in the presence of the other members of the Election Board, shall immediately secure the voting devices.

The total number of eligible votes, as shown by the identification card stubs on file, shall then be determined.

The judge of election shall then read and announce to the officials and watchers present the results as shown on each device, the name of the candidate and the total vote recorded for each. The vote so announced by the judge of election shall be recorded upon tally sheets.

When the count of votes has been taken and the tally sheets have been totaled and are in balance, the Election Board shall prepare a recapitulation upon its official recapitulation sheets and shall certify the correctness of the recapitulation. Each member of the Election Board must sign each recapitulation sheet.

As soon as the count is completed, the judge of election shall ensure that the devices are locked.

After the votes have been counted and the recapitulation prepared, if the total number of votes cast should fail to tally with the total number of eligible votes as shown by the file of identification card stubs, the judge of election shall decide whether or not the difference would have any material effect upon the election. If the number of votes cast exceeds the eligible number and if adding this excess to the vote of any candidate would have changed the result of the election for any office, then the election for such office shall be declared void by the judge of election. Similarly, if the number of votes cast falls short of the eligible number and if the votes thus unaccounted for would be sufficient to change the final standing of the candidate for any office, then the election for such office shall be declared void. Where, however, the number of votes unaccounted for, or in excess of the number shown by the stubs, would not be sufficient to effect a change in the successful candidates, the election shall be declared valid.

When the recapitulation has been completed, the results of the election shall be announced to the Convention by the judge of election.

Section 10. Records Shall be Delivered to the General Secretary-Treasurer

All card-stubs, tally sheets, official recapitulation sheets, credentials of delegates and all minutes and other records of the Convention pertaining to the election shall, after the installation of officers, be delivered into the possession of the General Secretary-Treasurer and preserved for one year after the election.

Section 11. Re-Run in Case of Tie Vote

In the event of a tie vote for one or more offices, a re-run election for such offices will be held at the same Convention as soon as practical after the announcement of the results of the election. Such re-run election shall be conducted by secret ballot and regardless of whether a quorum is still present at the Convention. The Election Board shall determine the procedure for conducting such re-run elections.

Section 12. Transitional Period

An incoming International President or General Secretary-Treasurer is empowered, at either of their discretion, to retain in service an outgoing International President or General Secretary-Treasurer, respectively, for a period of up to sixty (60) calendar days in order to provide adequate time for the necessary transfer of responsibilities. During such transitional period, the outgoing officer, if so retained in service, shall continue to receive the same compensation and benefits they received while in office.

ARTICLE SIX
Referendum

Section 1. Matters Proper for Referendum

A referendum may be initiated to call a Special Convention, as provided in Section 2 of Article Three of this Constitution.

Section 2. Initiative

In the interim between sessions of the International Convention a referendum may be called:

- a. By a unanimous vote of the General Executive Board; or
- b. Upon the petition of one-third of the affiliated local unions.

Section 3. Call

Upon the initiative of a referendum the General Secretary-Treasurer shall immediately cause to be printed the question to be submitted to the Alliance and ballots for recording the vote thereon, and these shall be forwarded to all the affiliated unions.

Section 4. Method of Voting

At the first regular meeting of each affiliated local union immediately following the receipt of the question and ballot from the General Secretary-Treasurer, the President of such local union shall cause the question to be presented to the meeting and shall call for a vote. The number of votes cast, both for and against said proposition, shall be recorded upon the official ballot certified by the Executive Board of the local union and forwarded promptly to the General Secretary-Treasurer. Provided that, in no event, shall a period of more than thirty (30) days elapse before action is taken by a local union upon a question after its receipt from the General Secretary-Treasurer.

Section 5. Tally

As the return ballots from the various local unions are received, the General Secretary-Treasurer shall file them for record and shall tabulate the total number of votes cast, both for and against said proposition. No ballots shall be included in the total which are received at the General Office more than forty-five (45) days after the question was submitted to the local unions by the General Secretary-Treasurer.

The General Secretary-Treasurer shall complete the tabulation of the votes and report the result of the ballot as to the ayes and nays of each local union to the International President, who shall notify the affiliated unions of the result. The balance and tabulation sheets shall be presented to the next meeting of the General Executive Board for verification by that body or subcommittee of its members. If any material discrepancy is found in the tally such as would affect the final result, the correction shall be made and the International President shall notify affiliated local unions of the result of the referendum.

Section 4. Preside Over Meetings

Section 5. Judicial Powers

The International President shall have original jurisdiction to try charges against individual members or officers of local unions:

- a.
 - i. When charges have been preferred by a member against a member and filed in the charged party's local union, and the local union has wrongfully neglected or refused to take cognizance of them; or
 - ii. Where, after taking cognizance of charges and conducting a trial thereon, the Local imposes a penalty or renders a verdict that is, on its face, not supported by the evidence or the law; or
 - iii. Upon a non-cognizance determination, or charges that fall within the description of Article Fifteen, Section 3 or Article Sixteen, Section 4.

The International President shall have jurisdiction to try all charges against an affiliated local union whether these charges are preferred by an individual member or by another affiliated local union.

CONSTITUTION—ARTICLE SEVEN

Section 6. Interpret Constitution and Bylaws

The laws of this Alliance as contained in this Constitution and Bylaws shall be interpreted by the International President, whose decisions thereon shall be binding upon all individual members and affiliated local unions of the Alliance until amended or reversed in the manner hereafter provided.

The International President shall render decisions upon questions of law where the Constitution and Bylaws contain no express provisions for the determination thereof. The ruling upon such questions shall be made in conformity with the spirit and substance of the Constitution and Bylaws and with regard to the equities of the circumstances.

Any decision of the International President, rendered pursuant to the provisions of this Section, shall be subject to appeal to the General Executive Board in the manner provided hereafter in Article Seventeen.

Section 7. Report

The International President shall cause to be kept a true and correct record of the conduct of their administration, and at the conclusion of their term of office shall submit to the Convention a detailed printed report which shall be distributed to the delegates no later than the Wednesday morning following the opening of the session.

Section 8. Audit of Books

The International President shall cause to be audited by a certified public accountant, to be chosen by the International President with the consent of the General Executive Board, the books of account of the General Secretary-Treasurer of the Alliance and the books of account of any other person who handles the funds of the Alliance, and shall receive from the said accountant a detailed audit statement dated not later than the last day of the month preceding the opening of the Convention. These reports shall be submitted by the International President to the assembled delegates for their consideration and action.

The cost of this audit shall be paid out of the General Fund of the Alliance by the General Secretary-Treasurer.

Section 9. Books of Local Unions

The International President shall have the power to order the officers of any affiliated local union to submit the books and records of the local union to the International President or to the International President's nominee for examination whenever the International President shall deem it necessary or expedient. Provided, however, that such examination shall be made in the presence of a committee appointed by the local union.

Section 10. Unfair Employers

The International President, with the consent of the General Executive Board, shall have the power to order any and all members of this Alliance to refrain from rendering service to or with any enterprise wherein any former employer, who is indebted to any member of the Alliance for services rendered, is interested as an actor, manager or owner, until all such indebtedness is satisfactorily adjusted.

The International President, with the consent of the General Executive Board, shall have the power to order any and all members of this Alliance to refrain from rendering service to or with any unfair enterprise, and the obligation of the individual members to obey such order shall be considered a prior obligation of their contract of employment with such enterprises.

When a theatre or place of amusement has been placed on the Unfair List, all theatres, places of amusement, studios, shops or travelling attractions operated by the unfair owners or management, wherever located, may also be declared unfair by the General Executive Board of the International Alliance.

No contracts entered into between any Local and any manager or syndicate will prevent the operation of this law.

Section 11. Special Contracts

The International President shall be empowered, whenever they shall deem it necessary or expedient, to issue special contracts, or to authorize the making of such contracts for traveling attractions or any other employer or employers of members of the Alliance. "Special Contracts" shall include any contract covering the geographic jurisdiction of more than one local union.

Unless otherwise provided in this Constitution and Bylaws, this shall not be construed to affect the power of each local union to fix the scale of wages and working conditions within its jurisdiction.

Section 12. Power to Represent Alliance as Delegate

The International President shall also be empowered to accept invitations to attend either in person or by a nominee such conventions or trades assemblages, as shall be for the best interests of this Alliance.

Section 13. Delegation of Powers

The International President shall have the right to delegate, from time to time, any of their powers to the Assistant(s) to the President, Vice Presidents, or to the International Representatives as such delegation is necessary or expedient for the best interests of the Alliance.

Section 14. Executive Powers

The International President shall be the executive head of this Alliance and their duties shall be those duties usually devolving upon the International President or executive officer of similar voluntary organizations, and their authority shall be that ordinarily conferred upon similar officers having broad executive powers, and in construing this section it is the desire of this Alliance to insist upon a construction which will support the actions of the International President in carrying out the expressed purposes of the Alliance, not only along the lines expressly herein indicated but in a broad general manner, and the International President shall have and is hereby specifically given the power to issue such rules, regulations, orders or mandates as they may deem necessary or advisable in the conduct of their said office.

In addition to the general powers hereby conferred upon the International President, they shall have all special powers conferred upon them by this Constitution, Bylaws and Laws enacted thereunder.

Any such decisions, rules, regulations, orders or mandates shall be appealable to the General Executive Board and from the decision of said Board to the delegates of this Alliance when assembled in Convention, as provided in this Constitution in case of appeals from decisions of the International President.

Section 15. Power to Institute Suit

In the event that any officer or member of this International Alliance shall have misappropriated funds or property of this Alliance or refused or neglected to turn over funds or property of this Alliance in their hands to their duly elected successor or to such person as shall be entitled to the same, or in the event that any officer or member of any affiliated union whose charter has been suspended or revoked shall refuse to deliver to the representative of the International President of this Alliance all monies or property of such local union of this Alliance, as hereafter provided, or in any other case where the rights or interests of this Alliance shall be jeopardized or involved, the International President shall have the power and right to institute in their own name or in the name of their duly authorized representative any action or proceeding at law or in equity in any court of competent jurisdiction to redress such wrongs, or to recover such monies or property, or the value thereof.

Section 16. Control of Local Unions in Emergency

- a. In the event that any affiliated local union of this Alliance shall become delinquent in the fulfillment of its financial obligations to the Alliance as herein set forth, the International President shall, at their discretion, suspend or revoke the charter of such delinquent local union as provided in Article Eighteen, Section 11, or
- b. Where reliable and credible information is brought to the knowledge of the International President indicating that a condition exists in an affiliated local union whereby the actions of the officers or members thereof endanger the property rights or interests of this Alliance, or any affiliated local union thereof, or of individual members thereof, or that a condition exists in an affiliated local union that would constitute ground for disciplinary action under Article Twenty, Section 1 of this Constitution and Bylaws, and where, because of the imminence of irreparable injury thereto, the ordinary procedure prescribed by this Constitution and Bylaws would prove too slow, cumbersome and inadequate to enable the Alliance to deal in an effective manner with such condition, then the International President has the right and is hereby empowered, with the consent of the General Executive Board, to declare the existence of a state of emergency, in writing, to the officers of said local union.

The International President shall give notice of the existence of a state of emergency, in writing, to the officers of said local union, wherein said condition exists. This notice shall be in the form of a complaint and shall be forwarded to the officers of said local union by mail, telegram or facsimile. Said notice shall summon the officers of said local union to a hearing before the International President, or a duly accredited representative, within a reasonable period at a designated time and place to be mentioned in said notice, and said notice shall contain a statement of facts upon which the International President relied.

At this hearing the elected officers of said local union shall be entitled to present evidence to the effect that the facts creating the emergency are non-existent or false. During a reasonable period preceding the hearing, in order to maintain the status quo, the authority of the officials of the local union shall be suspended and all acts pertaining to the local union done on their part during this period shall be null and void.

If, upon hearing, it appears that the facts reported to the International President are as represented, and that a state of emergency does in fact exist, then the International President or their duly accredited representative shall have the power during the continuance of said emergency to take over all books, records, monies, credits, and property of such union of every nature whatsoever and to administer the same according to the International President's best judgment for the benefit of such Local and this International; to collect dues, fines and other revenue to which said Local may be entitled and to incur and pay all just bills and obligations of said local union out of its funds in the International President's hands; to adjust disputes between employers and members of such local union and enter into working contracts for its members, which said contracts shall be valid, legal and binding upon said union and the mem-

bers thereof after the expiration of said emergency until the expiration thereof; and in general, to conduct the affairs of said union in the same manner as it might have conducted its own affairs in the absence of such emergency. The International President, or their duly accredited representative, is hereby authorized and empowered to bring any action at law or equity in any court of competent jurisdiction and in the International President's name to recover any monies due said local union and any monies or property of said local union wrongfully withheld from the International President by any officer or other person or the value of any property so wrongfully withheld, together with damages, if any, for the wrongful detention thereof.

Upon the removal by trial or the resignation of any officer of any local union, the International President, or their duly accredited representative in charge of the affairs of said local union, shall have the power and authority to cause an election to be held by the qualified members of such local union, to choose a successor or successors to such officer or officers, upon the expiration of such emergency as may be determined by the Executive Board as hereinafter provided, and said International President, or representative of the International President, shall have the power and authority to prescribe and enforce such rules and regulations for the conduct of such election as shall ensure an honest and fair election by the membership of such local union. During the continuance of such emergency, all of the rights, powers and privileges granted to any local union, its officers or members, to conduct its affairs, granted or guaranteed to said local union by its charter, or by this Constitution or any Bylaws enacted hereunder, shall be suspended and any other provisions of this Constitution or the Bylaws enacted hereunder and any provision of the charter, Constitution or Bylaws of any such local union inconsistent with the powers herein granted to the General Executive Board of this Alliance, the International President, Vice President or International Representative appointed to conduct the affairs of such local union are hereby declared to be entirely inoperative and of no force and effect during the continuance of such emergency and until such emergency shall have terminated and such termination shall have been expressed by resolution of the General Executive Board.

Such local union, and any officer or member thereof, in good standing, shall have the right to appeal from the declaration of the existence of a state of emergency in the said local union, and of the continuance thereof, to the General Executive Board and from the decision of said Board to the delegates of this Alliance when assembled in Convention as provided in the Constitution in case of appeals from decisions of the International President.

The sole authority for the conduct of the affairs of such local union during such emergency shall be the orders, rules, mandates, and decisions of the International President, the General Executive Board and the Vice President or International Representative appointed to conduct the affairs of said local union, provided, however that any officer or member of such union in good standing shall have the right to appeal from any such order, rule, mandate or decision on account of which they feel aggrieved, to the General Executive Board and from the decision of said Board to the delegates of this Alliance when assembled in Convention as provided in the Constitution in case of appeals from decisions of the International President.

The time for hearing on any complaint filed as herein provided may, in the discretion of the International President or their duly accredited representative, be extended upon the application of said accused officers of said local union and in no other case whatever, it being the purpose of this section to accord to said officers as early a hearing upon said complaint as is possible.

Expenses incurred in connection with the imposition and administration of a trusteeship, including such things as the cost of stenographic transcripts and legal fees to enforce or defend against a challenge to a trusteeship lawfully imposed, shall be borne by the local union in trusteeship.

- c. As used herein and elsewhere in this Constitution and Bylaws, the effect of "suspending" a local union or the charter of a local union is to render temporarily inoperative all of the rights, powers and privileges granted to such local union, its officers and members to conduct its own affairs and to place such local union into trusteeship.

CONSTITUTION–ARTICLE SEVEN

- d. Where it is determined by the International President during the continuance of an emergency in a local union that it would be in the best interests of the members of such local union and of the Alliance to merge such local union with another affiliated local union, the International President shall be authorized and empowered with the consent of the General Executive Board, and after a full investigation and fact finding hearing, to effect such merger.

Section 17. General Counsel

It shall be the duty of the International President, if and when they deem it necessary, to select a duly licensed and practicing attorney, or attorneys, familiar with labor problems and labor laws to act as general counsel, to receive such compensations, allowances and expenses and for such period of time, not to exceed the term for which such International President was elected, as the International President may deem most advantageous to this Alliance, and as may be agreed upon by contract, which contract shall be approved by a majority of the General Executive Board.

Section 18. Special Department

It shall be the duty of the International President to promulgate rules and regulations for the structural organization of a special department for film exchange employees and theatrical employees.

Section 19. Authority to Organize Jurisdiction

The International President may determine that a local union has refused and is refusing, after having been given a reasonable opportunity to do so, to accept into membership employees who are being organized by the Alliance within the work jurisdiction of such local union and that such refusal is endangering the organizing efforts of the Alliance or may result in a loss of Jurisdiction to the Alliance. If the International President so determines, the International President shall have the authority, with the approval of the General Executive Board, and notwithstanding any other provisions of this Constitution, to require the local union to admit such employees into membership with full membership rights therein and in the Alliance, or, in the alternative, to issue a charter for a local union to cover the work and/or geographic jurisdiction of the area being so organized.

As used herein, the word “employees” shall mean not only those individuals who are currently employed in the trade and geographical jurisdiction of the Local but also those who were recently so employed and are available and qualified for such work.

Section 20. Contract Ratification

Members of West Coast Studio local unions shall ratify the Basic Agreement by secret ballot.

Section 21. Vested Pension Status

Any person who has achieved vested status in a Local or national defined benefit pension plan shall immediately be taken into membership without vote. The International President, in their sole discretion not subject to appeal, may waive this requirement if the International President determines that the individual has engaged in conduct that is detrimental to the Alliance. Failure to comply with this Section may result in suspension or revocation of charter after trial or Article Seven, Section 16 proceeding.

Whenever the accused or the Executive Board or committee so request, the testimony of any witness must be taken under oath, to be administered by the Board or Committee Chair.

Section 21. Interrogatories and Depositions

If a witness be unable to attend the trial, written interrogatories and cross interrogatories, on notice to the adverse party, may be allowed upon due application to the trial body; or a written deposition of their testimony may be taken in the form of an affidavit, in which latter case such portions of it as are not denied by the adverse party shall be admitted as evidence.

Section 22. Transcript

A written transcript of all testimony adduced at the hearing shall be made, provided, however, that in the event the Local elects to tape record the proceedings, such recording must be fully and accurately transcribed by the Local in typewritten form in the event of an appeal to the International President.

Section 23. Report Findings

The Executive Board or Trial Committee shall, after hearing all the evidence, render a written report of its findings as to the guilt or innocence of the accused and, if the accused be found guilty, the penalty to be imposed. A copy thereof shall be filed with the Secretary of the local union and a copy shall be served either personally or by certified mail on the accused within five (5) working days. A copy of the transcript of the evidence and proceedings at the hearing shall be available for examination by the accused or their member counsel. Upon completion of debate, the membership shall proceed to vote upon the findings of the Executive Board or Trial Committee as to the guilt or innocence of the accused. If a majority of the members present so vote, the findings of the Executive Board or Trial Committee shall be adopted. If the findings are not accepted, the transcript shall be read unless this has been done theretofore, and the question shall be put whether the accused shall be granted a trial by the membership or whether the membership shall proceed to vote upon the guilt of the accused. If a majority of the members present vote for the latter procedure, a vote shall be taken on the guilt of the accused, and if two-thirds of the members present shall vote contrary to the findings of the Executive Board or Trial Committee, the findings shall stand reversed, otherwise, the findings shall stand upheld.

Section 26. Imposition of Penalties

If the accused be found guilty, the membership shall then proceed to vote upon the decision of the Executive Board or Trial Committee as to the penalty to be imposed. If a majority of the members present so vote, the penalty fixed by the Executive Board or Trial Committee shall be adopted. If a majority of the members present reject the penalty decided upon by the Executive Board or Trial Committee, the membership shall then proceed to vote upon the penalty to be imposed, the members voting to expel, suspend, fine and/or reprimand.

However, in the interim, the decision, rule, regulation, order, mandate, or act or omission, of any proper officer, body, or tribunal of this Alliance shall be enforced pending disposal of appeal; except that, in the discretion of the International President or of the tribunal from which or to which the appeal is taken, the effect of any such decision, rule, regulation, order, mandate or act or omission, may be stayed pending appeal. If the report of the Executive Board or Trial Committee of the local union is not submitted to and acted on by the membership within sixty (60) days from the date of the report, any party aggrieved may file an appeal with the International President. If the International President is of the opinion that the interests of justice would be served by dispensing with membership review, they shall entertain the appeal; otherwise, they shall remand the case to the local union with such directions as they may deem appropriate to require a review by the membership.

Section 2. Time Allowed for Filing

If the appeal be from a decision rendered after trial on charges, this shall include the sworn charges, the transcript of testimony, or if a tape recording was made, the original unedited tape recording and a typewritten transcript thereof, the findings and sentence, and any additional matters of evidence on record. The correctness of the transcript, or of the tape recording and stenographic transcript thereof, and of the record as a whole shall be certified by the lower tribunal under the appropriate seal. The lower tribunal shall also answer the appeal, setting forth reasons in support of its decision, and shall at the same time serve a copy of such answer by certified mail upon the appellant at the address specified in the appeal.

Decisions of an appellate tribunal shall be based entirely upon the record as a whole and evidence not introduced before the tribunal of original jurisdiction shall not be permitted.

Section 5. Appeal to Convention

If appeal be entered from the decision of the General Executive Board it shall be the duty of the General Secretary-Treasurer, upon receipt of notice from the appellant, immediately to inform all interested parties that the case has been docketed for consideration by the Alliance in Convention assembled.

Appeals within Locals from the decision of an officer to the executive board and from the executive board to the membership must be made within thirty (30) days. No local union shall be permitted to use any other number upon its stationery, forms, documents, etc., than that number appearing upon its charter. Any local union violating the provisions of this section shall be subject to a fine of not less than One Hundred Dollars (\$100) and for the continued violation shall be subject to revocation of charter.

Section 2. Home Rule

Home Rule is granted to all affiliated local unions of this Alliance and this shall be construed to confer upon each local union the authority to exercise full and complete control over its own affairs; provided, however, that no local union shall take any actions or adopt any laws which conflict with any portion of this Constitution and Bylaws.

Section 3. Constitution and Bylaws

The affiliated local unions of this Alliance may adopt individual Constitutions and Bylaws for their own government, but such laws or any proposed amendments thereto must be submitted to the International President for approval before adoption. No constitutional provision or bylaw shall be adopted by any affiliated local union without such approval by the International President.

Any local union failing to comply with the provisions of this Section shall be punishable by a fine, or suspension, or revocation of its charter.

In the event that any affiliated local union shall adopt any law without the approval hereinabove provided for or inconsistent with the provisions of this Constitution and Bylaws, such Local law shall be void and of no effect and the members of the local union shall not be bound thereby.

Section 4. Officers

Affiliated local unions of this Alliance shall, once every three (3) years, elect by secret ballot such officers as are necessary for the proper administration of their respective Local affairs, and these officers shall be responsible to their respective local unions and to the Alliance for the faithful performance of the duties assigned them. Time served as an officer or employee of a local union or the International shall be applicable towards the "one hundred and twenty (120) days in the past thirty-six (36) months" requirement. The continuous good standing for two (2) years is not broken unless the member has been suspended under the Local's Constitution and Bylaws.

The term "in good standing" as used in this Constitution and Bylaws shall be construed to mean that the member has fulfilled the requirements for membership in their local union and/or the International, and has not voluntarily withdrawn from membership, nor been expelled or suspended from membership either for being in arrears in their financial obligations or for any offense after appropriate trial proceedings consistent with Article Sixteen of this Constitution and Bylaws.

ARTICLE TWENTY-TWO

Strikes and Road Calls

Section 1. Disagreement With Employer

In the event of a serious disagreement between a local union and an employer, the affected local union shall first try to obtain an equitable settlement by conversations with the employer or their representatives. If such settlement cannot be obtained, the local union shall promptly advise the International President of this Alliance of the circumstances, which the International President shall cause to be thoroughly investigated in an endeavor to consummate amicable adjustment. In the event that only the affected local union is involved in the dispute it shall not be necessary to so advise the International President.

Section 2. Controversy Adjusted By Alliance

The International President or their representative shall endeavor to adjust any controversy with an employer referred to the International President by an affiliated local union, but the International President or their representatives shall not have the power to consummate an adjustment of the controversy unless such adjustment meets with the approval of the affected local union.

Section 3. Authorization to Strike

In the event that the International President or their representatives cannot obtain an amicable adjustment of the controversy, and if in the opinion of the International President a strike would be justified under all circumstances, the International President shall be empowered to authorize the affected local union to call such strike in the manner hereinafter provided. Where, however, the controversy concerns a strike including the employees of three or more theatres, then the International President cannot call a strike except with the consent of the General Executive Board. Any affiliated local union before engaging in a strike with any employer that has an agreement with any other affiliated Local must notify the International and obtain its approval.

CONSTITUTION—ARTICLE TWENTY-TWO

Section 4. Newly Chartered Local Unions

Except by consent of the General Executive Board, no local union shall be permitted, during a period of one (1) year from the date of issuance of its charter, to make demands upon an employer which might result in a strike or lock-out; but this restriction shall not be construed to prevent such local union from insisting upon compliance with the provisions of this Constitution and Bylaws. Newly chartered local unions shall be free to strike without the consent of the General Executive Board if no other local union of the Alliance is in any way affected by said strike.

Section 5. Strike Vote

Within twenty-four (24) hours of receipt of the International President's authorization to strike, in any case requiring authorization, the President of the affected local union shall designate a time at which the local union shall meet to vote upon the calling of a strike and shall notify all members of the time, place and purpose of such meeting.

No member who has not been in good standing for a period of at least six (6) months shall be permitted to vote upon the question of striking.

A three-fourths majority of the total number of members present entitled to vote shall be required to legally carry a motion to call a strike; provided, however, that the proper Local officer or officers shall have the power to order a strike to enforce compliance with the provisions of this Constitution and Bylaws or with the instructions of the International President or their duly accredited representatives.

Section 6. Notice to General Office

In the event of a strike requiring authorization by this Alliance, the President of the affected local union, after receiving said authorization, shall promptly notify the General Office of the action taken, the number of union members affected, and the number of non-members concerned.

Section 7. Obeying Strike Call

The individual members of this Alliance agree to be bound by its laws in the conduct of their relationship with their employers and to place their obligation to this Alliance above all other obligations insofar as this be lawful.

Any member who fails to obey a strike call of their local union shall be subject to fine, suspension or expulsion upon conviction.

Any member who has been called out on strike and returns to their employment before the strike shall have been officially declared terminated by this Alliance, in the event of a strike requiring authorization, shall be fined, suspended or expelled upon conviction.

Section 8. Official Road Call

No member of this Alliance in the employ of a traveling attraction shall refuse to render service to an employer because of any strike or lock-out which may obtain in any theatre or place of amusement unless presented with the official road call issued by this Alliance and bearing the signature of the International President or an Assistant to the President and the seal of the Alliance, under penalty of being adjudged guilty of having violated the notice clause of the official road call and being subjected to the penalty provided for such an offense.

Section 9. Compensation for Answering the Official Road Call

Any traveling member who answers the official road call shall sign a form to be supplied by the General Office and issued to them by the Local Business Agent, specifying the amount of time lost thereby and the circumstances under which they obeyed the call, and upon presentation of this form to the General Secretary-Treasurer they shall be compensated by this Alliance for the time lost at the rate of one-half of the daily minimum road scale for the department in which the member is employed.

Section 10. Discharge of Member for Obeying Road Call

Any member who shall be discharged from their position with a traveling attraction because of their obeying the official road call shall be protected by the local union presenting the call and shall be returned to their home at the expense of such local union, for which the local union shall be reimbursed by the General Office.

Should any employer discharge a member of the Alliance for refusing to work in an unfair theatre or place of amusement wherein the road call is in effect, the International President shall order all local unions to refuse to work for the said employer until all differences are satisfactorily adjusted.

Section 11. Refusal to Obey Road Call

This Alliance shall cause to be immediately expelled from membership any member who, after having been properly presented with the official road call, shall enter any theatre or place of amusement against which the said official road call may be operative without the sanction of this Alliance.

Section 12. Road Call During Strike

Affiliated local unions possessing the official road call shall be permitted to exercise their own discretion in enforcing this call during a strike or lock-out.

Section 13. Unauthorized Road Call

No local union of this Alliance shall be permitted to call out traveling members except in observance of the official road call properly presented, or under direct instructions of the International President. Any local union violating this Section shall be subject to a fine of not less than Two Hundred and Fifty Dollars (\$250), plus reimbursement of salary lost by any members illegally withdrawn from employment with a traveling attraction.

Section 14. Illegal Strikes

Any local union which issues a strike call without complying with the provisions of this Article shall be subject upon conviction to be fined or to suffer suspension or revocation of its charter. This section shall not apply to strikes involving only the local union calling the strike.

Any member or group of members of a local union engaging in an unauthorized strike when approval of the International is required pursuant to this Article, shall be subject to be fined, suspended or expelled upon conviction.

Picketing of any employer in any situation involving one or more Locals other than the Local engaged in such picketing shall be subject to Sections 1, 2 and 3 hereof except that if the picketing is not accompanied by a strike, it shall not require a vote of membership approval as set forth in Section 5.

Section 15. Strike in Support of Affiliate

If a local union upon receiving an order from the General Office to withdraw its members in support of an affiliated organization so desires, such order shall be held in abeyance until the entire controversy has been investigated by an International Officer.

Section 16. Financial Support

No affiliated local union of this Alliance shall be permitted to solicit financial assistance from another affiliated local union through any medium whatsoever unless endorsement is first obtained from the International President of the Alliance.

Section 17. Termination of Strikes

A strike called by a local union requiring no authorization by this Alliance pursuant to this Article may be terminated by a majority vote of the members of the affected local union. A strike requiring authorization of this Alliance may be terminated by a majority vote of all affected members upon the sanction of the International President.

Upon the termination of any strike the affected local union shall notify its members of such termination. Any member who continues to remain on strike after receiving notification to return to work shall be, upon conviction, fined, suspended or expelled; provided that if there be a doubt as to whether or not a strike is terminated or still in progress the International President shall have the power to decide the issue.
